MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the Management Discussion and Analysis report for the year ended on 31st March 2018.

INDUSTRY STRUCTURE AND DEVELOPMENT:

During the year, the global economic activities were negatively impacted by a gradual slowdown and rebalancing in China leading to lower investments and negative impact on global trade flows and export dependent economies. The global economic growth remains largely subdued, as compared to previous year.

Depressed domestic demand with growing disorder of global trade has resulted in increasing trade remedial actions by various economies.

SEGMENT-WISE PERFORMANCE:

The Company trades in a single business segment. In view of sluggish global demand, the Company repositioned some of its supplies to favourable markets. The company has passed through a very unusual phase, any worthwhile comparison of performance between two periods would be inconclusive. There is, yet, considerable scope for improvement.

OPPORTUNITIES AND THREATS:

India is the only major steel consuming market globally which continued to witness increasing demand environment – finished steel demand growth stood at 4.5% over last year. However, the Country suffered from an unprecedented, unbridled and unfair steel imports from other Countries, which continued to sell their surplus steel production at predatory prices. The domestic steel industry was forced to take a series of price cuts - leading to severe margin squeeze for the Indian Steel Companies.

Trading players in steel industry have faced cascading effects in the steel manufacturing industry.

STRENGTH:

The existing management has a strong technical, finance and administrative expertise in various industries and corporate sectors including the business of the Company.

RISKS AND CONCERNS:

Your company is working essentially in domestic market place. However since the Company is into trading activity It is attributed to all the risk and concerns attached with the trading industries as a whole. Also any downward movement in prices in manufacturing industry has a direct effect on the revenues of the Company, as margin drops.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The internal control system is looked after by Directors themselves, who also looked after the day to day affairs to ensure compliances of guide lines and policies adhere to the management instructions and policies to ensure improvements in the system. The Internal Audit reports are regularly reviewed by the management. The Company has proper and adequate internal control system commensurate with the size of the business operations geared towards achieving efficiency in its various business operations, safeguarding assets, optimum utilization of resources and compliance with statutory regulations. Efforts for continued improvement of internal control system are being consistently made in this regard.

HUMAN RESOURCES VIS-À-VIS INDUSTRIAL RELATIONS:

The Company values and appreciates the dedication and drive with which its employees have contributed towards improved performance during the year under review. The relations with workers and staff are cordial during the year under review. All issues pertaining to staff matters are resolved in harmonious and cordial manner.

CAUTIONARY STATEMENT:

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Prabhu Steel Industries Limited ("the Company") as of 31st March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
